Technology & Data

Iiris specialises in intellectual property law, data protection and European law. Additionally, she provides counsel in assignments relating to commercial contracts, technology, consumer protection and marketing law. Iiris began working at our firm already as a law student, prior to which she worked as a trainee in another law firm in Finland. She has also gained notable experience in EU litigation while working in a judge's cabinet at the General Court of the European Union.

Educational background

Master of Laws, University of Helsinki (2019)

Memberships and affiliations

FIDE Finland

International Association of Privacy Professionals

The Finnish Copyright Society
