Saila provides compliance advisory services to clients seeking practical expert guidance on ethics and compliance matters. Drawing on over 15 years of experience in in-house compliance roles and legal practice, Saila helps organisations design and implement compliance frameworks, navigate regulatory requirements, and manage compliance risks across areas including whistleblowing, internal investigations, anti-bribery and corruption, AML/KYC, trade sanctions, third-party management and management liability. Saila's background spans multiple industries from financial services to manufacturing, and professional services giving her a broad perspective on compliance challenges and effective, tailored solutions.

### Educational background
